

I Still Have A Praise Inside Of Me

I've been through the fire
I've been through the flood
Broken in pieces
And left all alone

But through it all
God blessed me
And through it all
God kept me

And I still have a praise
Inside of me

Yes, I still have a praise
Inside of me

Although I been wounded
And I've been scarred
I never gave up
I trusted in God

But through it all
God blessed me
And through it all
God kept me

And I still have a praise
Inside of me

Yes, I still have a praise
Inside of me

There's a praise in my spirit
A praise down in my soul
A glory hallelujah
That I just can't control

And I still have a praise
Inside of me

Yes, I still have a praise
Inside of me

(as the lead directs)
Hallelujah
Lord I love you
Thank you Jesus
Lord I thank you

And I still have a praise
Inside of me

Yes, I still have a praise
Inside of me
